

Human-Computer Interaction

2026/2027

Lab Class 12

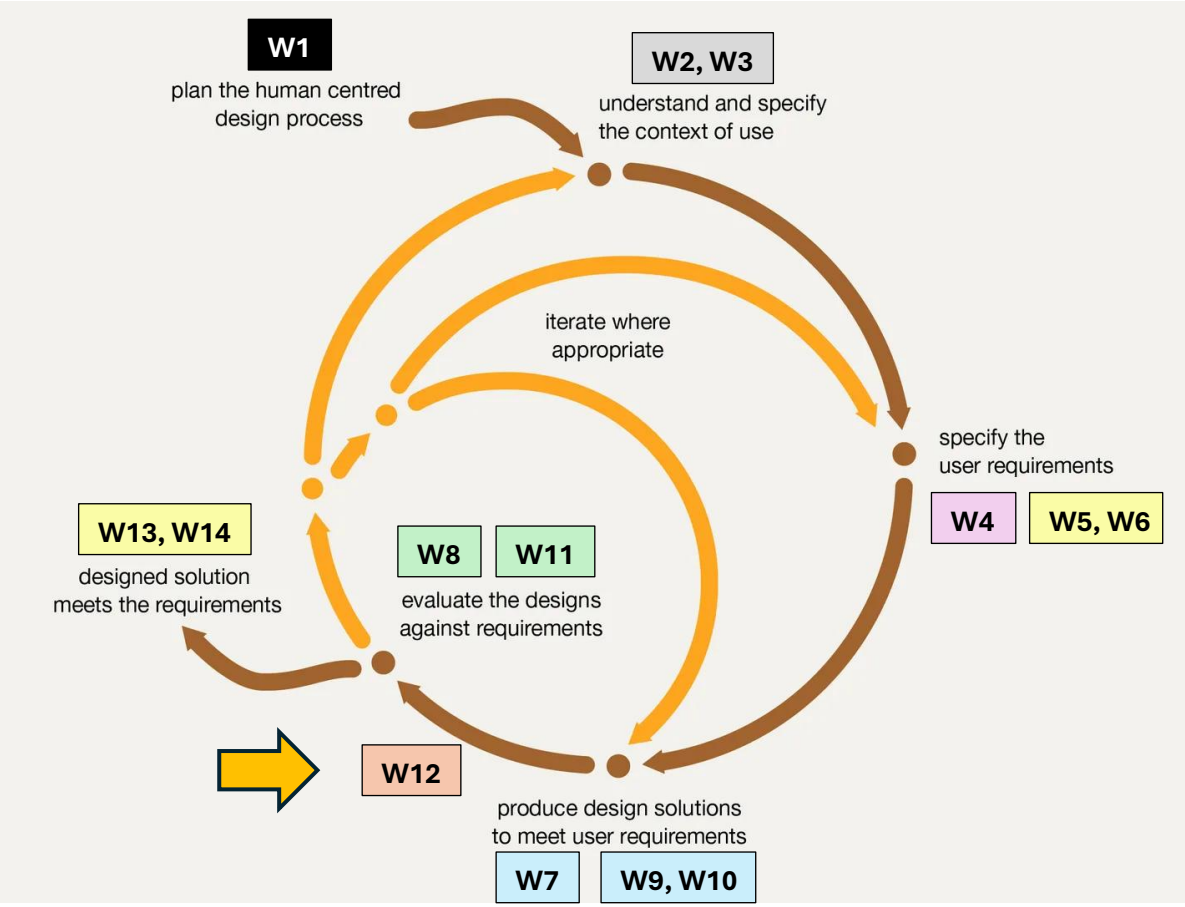

Preparing for Delivery

universidade de aveiro
deti departamento de electrónica, telecomunicações e informática

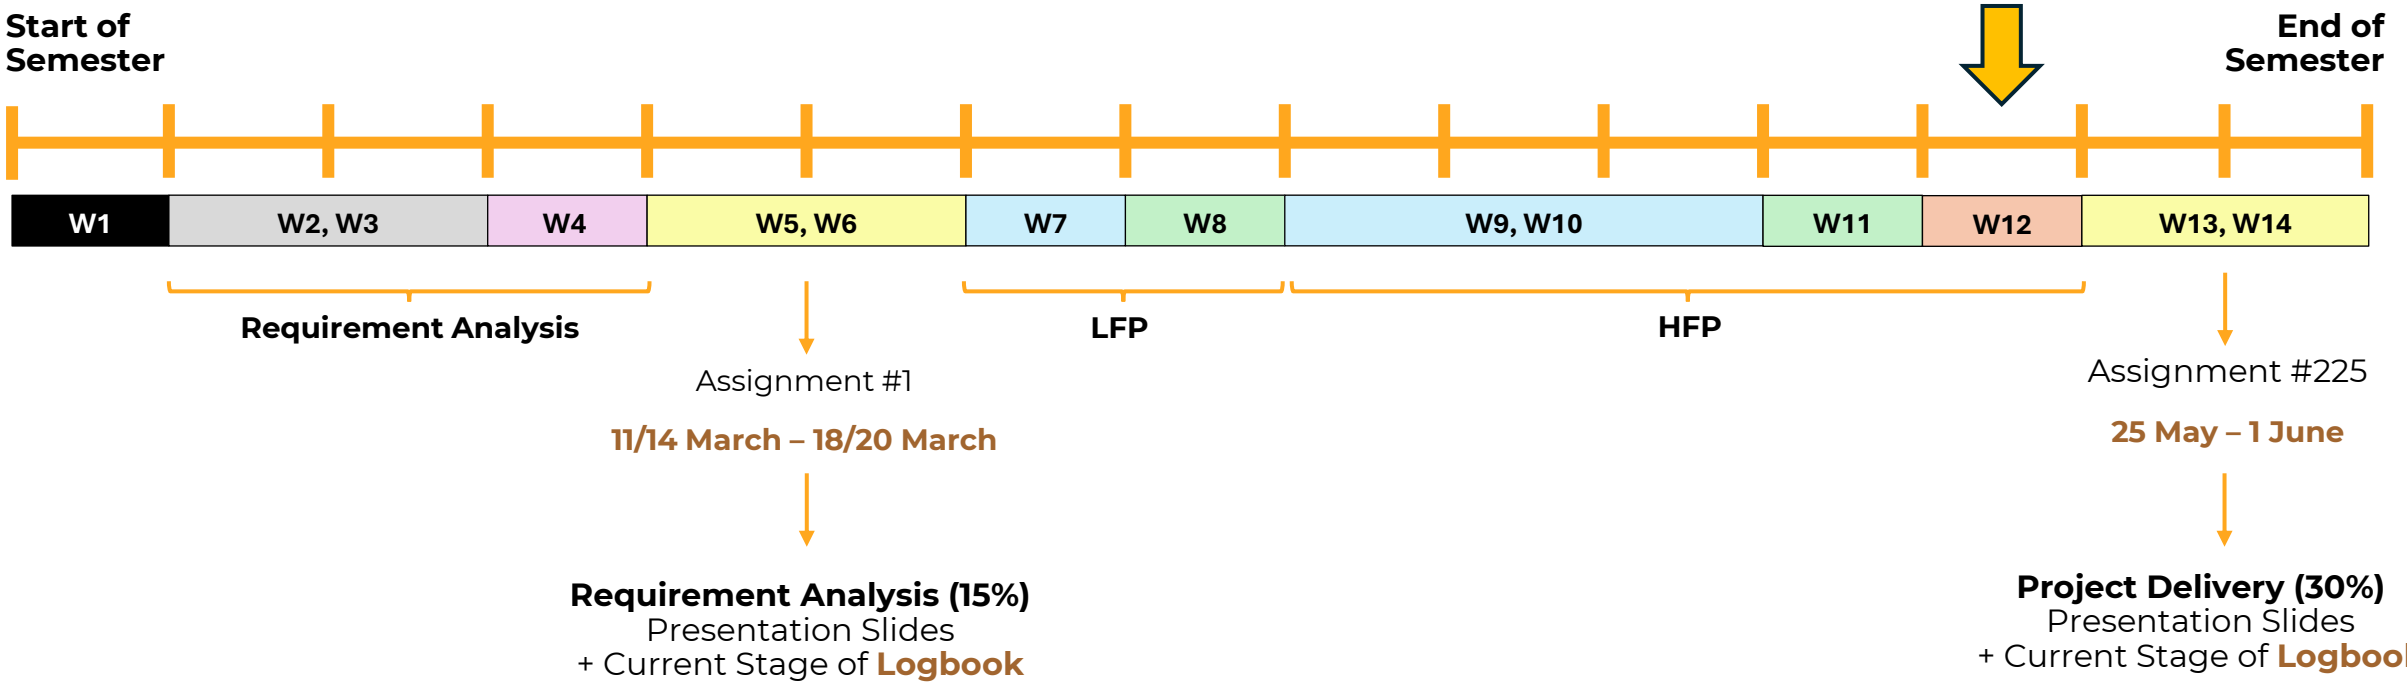

You are here!

This week, we **do the final refinements to the HFP and prepare all the materials for presentation and delivery**

Still want to evaluate your refined prototype? Do it today!

Assignments – Summary Timeline

Final Presentation Template

Available here:

2024_2025_Assignment_2_FinalProjectPresentation.pdf

Do not forget that you need to provide **some context about your work** and not go straight to the prototypes

Don’t forget to show that you knew about the **methodologies** you applied and their **purpose** and that you took advantage of the **results** to **improve your work** ;)

Delivery

Will happen before the first presentations, for each class.

Deliver UNTIL:

Monday: 25th May (13h)

Deliver your **slide deck** in PDF format, your **demo video**, and your **logbook**

Does My Logbook Need to be Pretty?

No!

The logbook is your repository for all the materials you generated to get the job done. It is a supporting tool!

Screenshots, notes, tables with user feedback, drawings, your UI

Just gather everything and deliver it along with your presentation slide deck

Tasks for Today's Class

- Do you have a proper characterization of your participants?
- Do you have tables with your evaluation results?
- Have you computed the SUS scores?
- Did you gather and discuss user feedback?
- Do you have screenshots of the before and after for your prototype improvements?
- Where could your work evolve?
- What was the best and worst of the work you accomplished?

Tasks to complete until next class...

- Build and refine your **presentation**
- Do the demonstration **video**
- Check if all materials are in your **logbook**
- **Deliver** everything

Final Exam Preparation

The final exam will be performed online, on your computer, using **Safe Exam Browser**

Go to **eLearning** and follow the instructions to make sure everything works on your computer

If you have any issue, ask your lab teacher for help

More details about the exam format will soon be available in Teams
